

CHAPTER MB: Migratory Bird Harvesting

Definitions

In this chapter, “Migratory Bird” means a migratory bird referred to in the Migratory Birds Convention, and includes the eggs, embryos and parts of the bird.

Conservation means:

- a) the maintenance of the integrity of ecosystems by measures such as the protection and reclamation of Migratory Bird habitat and, where necessary, restoration of Migratory Bird habitat; and
- b) the maintenance of vital, healthy Migratory Bird populations capable of sustaining Harvesting under the Agreement. (From ADK)

Dehcho Citizen means a person whose name is on the Dehcho Register.

Dehcho Agreement means this land claims and self-government agreement.

Migratory Bird Habitat –

Method –

Edible Parts includes, in relation to Migratory Birds, those parts traditionally consumed by Aboriginal Peoples for food.

Non-Edible Parts means all other parts other than the edible parts.

Identification Requirements –

Subsistence –

Personal Use -

Camp means a structure or group of structures, capable of being easily moved or dismantled, without permanent foundation, leaving a minimal impact on the land, incidental to the exercise of harvesting rights under the agreement, including a lean-to, tent frame, etc.
