John and Chris,

below is the draft of a provision to be added to the General Provisions chapter. Aside from the obvious reasons to include this provision is the reason to avoid the necessity of prospective language throughout the aip.

"This Agreement-in-Principle sets out provisions that if agreed to will form the basis for negotiations of a Dehcho Agreement. This Agreement in Principle is not legally binding on the parties and for greater certainty, nothing in this Agreement-in-Principle is to be interpreted as creating, defining or recognizing legal duties or obligations for any party."

"On the Effective Date the Dehcho Agreement will replace this Agreement in Principle."

In addition, I assume we will be tackling the regularization of the harvesting chapters. Chris, will you have a governance chpt for us to look at next week? we could also have a discussion about the DR chpt. if all are in agreement.
